PREFACE

The objects of the Pakistan National Bibliography are to list new works published in Pakistan, to describe each work in detail and to give the subject matter of each work as precisely as possible. The 2004 volume of the Pakistan National Bibliography covers Pakistani publications published during the year 2004 and received in the Delivery of Books and Newspapers Branch of the National Library of Pakistan at Islamabad under the Provisions of Copyright Law: Copyright Ordinance, 1962 as amended by Copyright (Amendment) Act, 1973 & 1992. Those titles which were not received under the Copyright Law but were acquired through purchase, gift and exchange have also been included in the Bibliography. Every endeavour has been made to ensure the accuracy of the information given.

The following classes of publications have been excluded:

- a) The keys and guides to text-books and ephemeral material such as publicity pamphlets etc.
- b) Periodicals (except the first issue of a new periodical and the first issue of a periodical under a new title.)
- c) Maps.
- d) Musical scores.

Arrangement:

The present issue of the Pakistan National Bibliography has been divided into two sections. This section covers Pakistani publications written in English language while publications in Urdu, and other Pakistani and Oriental languages have been listed in the other section. The arrangement of Bibliography is subject-wise. The classification of subjects is based on the 20th edition of Dewey Decimal Classification. Cataloguing practices follow the Anglo-American Cataloguing Rules 2nd Revised Edition, 1988, as well as IFLA's recommendations for adoption of International Standard Bibliographic Description (ISBD) and IFLA's publication entitled "Names of persons: national usages for entry in catalogues".

The cataloguing of Pakistani names is generally based on the recommendations made by Dr. Anis Khurshid in his publication entitled "Cataloguing of Pakistani Names". The full information about books is given in the Classified Section. The main entries have been made under names of the authors or corporate bodies responsible for the work or under titles. They include, in addition to the author's name, the full title, the place of publication the publisher, the year of publication, the price, ISBN, etc. The language of the book, other than English, bilingual or multilingual books are denoted by symbols which are given at the left hand bottom corner of each entry.

The accession number of each book is shown against each entry in parentheses. A list of abbreviations and language symbols used in the Bibliography is given after the Preface. A list of publishers responsible for the issue of the respective publications, as included in the Bibliography, appears at the end of the Index of both English and Urdu portions.

Index:

Each part of the Bibliography has a separate index, which contains entries or reference entries under authors, titles, editors, translators, compilers, series and subjects in one alphabetical sequence. In certain cases, the entries have also been made under the names of the institutions responsible for bringing out the publications.

The entry under the author gives, in an abbreviated form, most of the information to be found in the entry in the Classified Section so that, for most purposes it is not necessary to refer back to that entry when an author or title of a book is known. If, however, a fuller description is required, the entry in the Classified Section which gives the fuller description can be found by means of the decimal code number given at the end of the author entry.

If some one wishes to know books that have been published on particular subject, it is necessary to consult the Index under the name of the subject. Here again he/she will find a decimal code number, which must be sought in the Classified Section.

Acknowledgments:

In conclusion, I wish to express my gratitude to Mr. Zulfiqar Ahmed, Director, Department of Libraries, National Library of Pakistan for his kind interest in the publication of this work.

I am also indebted to my colleague **Mr. Irshad Ali Khan Sherwani, Editor, Mr. Haji Dad, Assistant Director (Technical Section)** and my team members, **Mr. Muhammad Nazim and Raja Abdul Qayyum** for their assiduous and industrious work throughout the compilation of this important national document.
