PREFACE

The Pakistan National Bibliography is produced with the object to list new literary materials published in Pakistan and deposited at National Library of Pakistan under Copyright Ordinance 1962 as amended by Copyright (Amendment) Act 1973, 1992 and Amendment Ordinance 2000. It also includes the books received through purchase, gifts and exchange basis during current year.

The following classes of publications have been excluded:

- a) The keys and guides to text-books and ephemeral material such as publicity pamphlets etc.
- b) Periodicals (except the first issue of a new periodical and the first issue of a periodical under a new title.)
- c) Maps.
- d) Musical scores.

Material included and Style

The present issue of the Pakistan National Bibliography is arranged subject-wise. The classification of subjects is based on the 20th edition of Dewey Decimal Classification. Cataloguing practices follow the Anglo-American Cataloguing Rules 2nd Revised Edition, 1988. The accession number of each book is shown against each entry in parentheses. A list of abbreviations and language symbols used in the Bibliography is given after the Preface.

This issue has been presented in two parts. Part I gives details of 368 Pakistani publications in English language. Part II carries 1287 Urdu language publications. Each of these parts is further divided into three sections:-

Classified section

This section arranges the entries subject wise in numerical sequence of classification numbers with full bibliographical details. The full information about books is given in the Classified Section. The main entries have been made under names of the authors or corporate bodies responsible for the work or under titles. They include, in addition to the author's name, the full title, the place of publication the publisher, the year of publication, the price, ISBN, etc. The language of the book, other than English, bilingual or multilingual books are denoted by symbols which are given at the left hand bottom corner of each entry.

Index

Each part of the Bibliography has a separate index, which contains entries or reference entries under authors, titles, editors, translators, compilers, series and subjects in one alphabetical sequence. In certain cases, the entries have also been made under the names of the institutions responsible for bringing out the publications. If some one wishes to know books that have been published on particular subject, he/she will find a decimal code number, which must be sought in the Classified Section.

Publishers List

A list of publishers whose books are included in the bibliography is given at the end of English and Urdu / other languages part.
